Product Systems

EGOSILICON 351

EGO Dichtstoffwerke GmbH & Co. Betriebs KG

EGOSILICONE 351 is a ready-to-use, high-quality single-component silicone sealant that is free from plasticisers and vulcanises through reaction with air humidity to form an elastic end product. The product is suitable for natural stone in both indoor and outdoor areas. The product is:

- creep-free
- compatible with natural stone
- colored fungicidal adjusted
- shiny abrasion resistant
- water-proof
- optimum skin-forming time

Sealing connection and movement joints in the sanitary sector, as well as for natural and artificial stone.

EGOSILICONE 351 fulfills the requirements according to EMICODE EC 1.

Ingredients:

Percentage of the product's composition, that is known to 100 wt% the chemical ingredient level

Free (< 0,1 %) of chlorinated paraffins (= CP inkl. SCCP, Yes MCCP, LCCP):

Free (< 0,1 %) of biocidal: No

Free (< 0,1 %) of polybrominated diphenyl ethers (= Yes PBDE):

Free (< 0,1 %) of hydrocarbon (KWS) plasticizer: Yes

Recycled content post-consumer: N/A

Recycled content pre-consumer: N/A

VOC content according 2004/42/EG: o g/l

VOC content according 2004/42/EG: N/A

Free (< 0,1 %) of polybrominated biphenyls (= PBB): Yes

Free (< 0,1 %) of hexabromocyclododecane (= HBCD): Yes

Free (< 0,1 %) of tris (2-carboxyethyl) phosphine (= TCEP): Yes

Free (< 0,1 %) of lead: Yes

Free (< 0,1 %) of cadmium: Yes

Free (< 0,1 %) of chromium-VI compounds: Yes

Free of solvent according to VdL-RLo1: Yes

Free (< 0,1 %) of aromatic compounds: Yes

Free (< 0,1 %) from halogenated propellants: Yes

Free (< 0,1 %) of halogenated flame retardants: Yes

Content of VOC: 0 %

Content of solvents: 0 %

Free (< 0,1 %) of halogens:

To what level of detail is the product composition known? 100 ppm

Rapidly renewable content N/A

Non renewable virgin raw material content N/A

Free (< 0,1 %) of tin:

Free of plasticizer according to VdL-RLo1: Yes

Manufacturer:

Environmental Management System according ISO 14001: Yes

Are reverse logistics in place for the product?

Final manufacturing location of the product: longitude 11.177829263566535 ° DDD

Final manufacturing location of the product: latitude 47.49054076514584 ° DDD

Emissions:

Formaldehyde emissions after 28 days according DIN EN 0.002 mg/m³

System description

The BREEAM (Building Research Establishment Environmental Assessment Method) certification system was published by the Building Research Establishment (BRE). It came on the market in 1990 and was one of the first certification systems for buildings. BREEAM offers different standards, which vary in the requirements, depending on the country, type of use and development phase of the project (new construction, in-use, refurbishment and fit-out, infrastructure and communities). Within ten environmental categories and numerous individual credits, buildings are rated and can be rated as Acceptable (for in-use scheme only), Pass, Good, Very Good, Excellent and Outstanding. Up to now, more than 16,300 BREEAM projects have been certified worldwide (as of April 2018).

Disclaimer

This verification is the evaluation and ranking of products in terms of the certification system DGNB 2015 (New construction of office buildings). The DGNB (Deutsche Gesellschaft für Nachhaltiges Bauen) generally does not certify products. Therefore the project team or the manufacturer is responsible to declare compliance with respect to the DGNB criteria. Notice: This verification is generated by the Assessment Service of BMS. The distribution or publication by third parties is not permitted. The data sheet is not a DGNB certification document. The information is based on the manufacturer's specifications. Despite a diligent treatment of all information BMS can not make any warranties about the completeness, reliability and accuracy of this information. The requirements of DGNB can be interpreted differently and depend on the project and scope of application. Therefore, BMS cannot accept any liability for the evaluation in terms of the DGNB criteria. The user of the data sheet, the user / purchaser of the product and the consultant / planner, who is advising on this product has the duty to check the product for the intended application at their own responsibility. When a new version of this product verification is produced, the previous version loses its validity.
